

GERMAN RÖNTGEN CONGRESS

More than 7,000 visitors annually have turned the German Radiological Congress into the second largest Congress of medical imaging in Europe. Find more information here: www.roentgenkongress.de

RÖKO INTERNATIONAL

Although we are a German-language society the DRG has always paid distinct attention to the international exchange of knowledge and experience on the German Röntgen Congress. The program "RöKo International" is a combination of excellent speakers and essential topics of medical imaging. It grew out of many years of cooperation and mutual projects with other radiological societies. The sessions are open for radiologists of ANY LEVEL OF QUALIFICATION AND LANGUAGE SKILLS.

PROGRAM COMMITTEE RÖKO INTERNATIONAL

Prof. Birgit Ertl-Wagner, M.D. Ludwig-Maximilian University Munich	Prof. Stefan Diederich, M.D. Marien Hospital Düsseldorf
Prof. Michael Forsting, M.D. University Hospital Essen	Prof. Christiane Kuhl, M.D. University Hospital Aachen, RWTH
Prof. Fabian Bamberg, M.D. Universität Hospital Tübingen	Prof. Joachim Lotz, M.D. University Hospital Göttingen
Dr. Peter Bannas, M.D. University Hospital Hamburg-Eppendorf	Prof. Frank Wacker, M.D. Medical School Hannover
	Prof. Stefan Wirth, M.D. Ludwigs-Maximilians- University Munich

WITH THE KIND SUPPORT OF

Healthineers

INVITATION by the Congress President

Ladies and Gentleman, Dear Colleagues,

I would like to invite you to the 99th German Röntgen Congress that will take place from 9 May to 12 May 2018 in Leipzig, Germany.

The motto of the congress is "Radiology connects". This way, the congress focuses on the mediating and integrating function of radiology when it comes to connecting diagnostic and therapeutic knowledge.

The German Röntgen Congress 2018 has three thematic focuses:

- Heart and vessels: Diagnostics and intervention
- Neuroradiology: Diagnostics and intervention
- Digital communication in the field of radiology

As a matter of course, the German Röntgen Congress 2018 will provide a manifold as well as wide-ranging program for all occupational groups. You may not only look forward to already successfully implemented formats and tools such as RSNA Diagnosis Live™ or the Interactive Learning Platform of the German Röntgen Society with digital case collections, but also listen to numerous exciting speeches in the context of "RöKo International" and "Forum IT".

Furthermore, I would like to seize the opportunity to bring to your attention the highlight speech of Cornelius Schmalz, MD, Head of Unit Strategy – Health Research of the European Commission in Brussels on "Research politics of the European Union in the healthcare sector" within the scope of the opening event. Jim Reekers, MD, Professor of Radiology, AMC University of Amsterdam, will speak about "Diabetic foot perfusion imaging: The truth behind arterial tubes" as part of his radiological lecture.

I look forward to welcoming you to the 99th German Röntgen Congress in Leipzig next year.

With best regards,

Peter Huppert

Congress President of the
99th German Röntgen Congress

INFORMATION

CONGRESS VENUE CONGRESS CENTER LEIPZIG Messe-Allee 1 04356 Leipzig, Germany	DATE May 9th – 12th, 2018 RöKo International: Wednesday – Friday
--	--

ADMISSION

Member of a National Radiological Society . . .	120 €
Non-member	160 €
Get together	50 €

ALL PRICES INCLUDE STATUTORY VAT

This are promotional prices and valid for participants from non-German-speaking countries only. The fee gives you full access to the regular congress program and the industry exhibition. Additional fees apply to certain sessions (Management Workshops, Hands-on Workshops etc.).

INDUSTRY EXHIBITION

You are invited to visit one of the largest industry exhibitions at a national congress in Europe: 149 companies show a wide range of products and services on 10,000 m². Take the opportunity to get a closer look and get in touch with the industry representatives.

Opening Hours:
Wednesday – Friday

REGISTRATION

For detailed information about the registry, please visit our website:

www.roentgenkongress.de

99. **RÖNTGEN**
German **CONGRESS**

RÖKO **INTER** **NATIONAL**

May 9 – 12, 2018
Congress Center
LEIPZIG

After all, science is essentially international, and it is only through lack of the historical sense that national qualities have been attributed to it.
[Marie Curie]

PROGRAM **Wednesday, May 9**

Abdominal Imaging – PSC

Chair: F. Wacker (Germany)

14:45 – 16:15

14:45 Report from the MRI Workshop International PSC Study Group: The Gastroenterology Perspective, H. Lenzen (Germany)

15:00 Report from the MRI Workshop International PSC Study Group: The Radiology Perspective, K. Ringe (Germany)

15:15 Radiologic Course of PSC and Features of Progression, L. Arrive (France)

15:35 Intraductal Papillary Neoplasm of the Bile Duct, H. Bungay (GB)

15:55 Radiologic Spectrum of Cholangiocarcinoma, NN

Abdominal Imaging – Emergency

Chair: F. Wacker (Germany)

16:30 – 18:00

16:30 Imaging Techniques for Penetrating GI Trauma, T. Fleiter (Germany)

17:00 Imaging Techniques for Acute GI Bleeding, A. Furukawa (Japan)

17:30 Imaging Techniques for Assessment of Acute Abdominal Pain, M. R. Onur (Turkey)

PROGRAM **Thursday, May 10**

Muskuloskeletal Imaging

Chair: S. Nebelung (Germany)

8:00 – 9:30

8:00 Standard Techniques and Pathological Findings, F. Roemer (Germany)

8:30 Cartilage Resurfacing Strategies – The Orthopaedic Perspective, P. Emans (Netherlands)

8:50 Imaging of Postoperative Cartilage – What the Radiologist Needs to Know, NN

9:10 New Developments, Research Trends and Future Perspectives, C. Behzadi (Germany)

Bigdata and Radiomics and its Effect on How We Practice Radiology: An International View

Chair: J. Lotz / T. Hackländer (Germany)

9:45 – 10:45

9:45 Radiomics: Chances and Limitations, H. Aerts (USA)

10:05 Serving the People: The Chinese View on Radiomics and BigData in Imaging, NN

10:25 Radiology and Radiomics: How Korea Reacts to a New Challenge, Y. S. Choi (Korea)

Chest Imaging (DRG meets ESTI and JSR)

Chair: S. Diederich (Germany) / F. Gleeson (UK)

14:00 – 15:30

14:00 Lung Cancer Screening in Japan, Y. Maruyama (Japan)

14:30 Imaging and Interventions of Pleural Disease, F. Gleeson (UK)

15:00 Pneumonia – Diagnosis and Differential Diagnosis, S. Diederich (Germany)

PROGRAM **Thursday, May 10**

Paediatric Radiology and Outreach Projects

Chair: P. Bannas / J. Herrmann (Germany)

15:45 – 17:15

15:45 Outreach in Different Environments – What is it Good for? Helpful or Contra-Productive? M. Riccabona (Austria)

16:15 Ultrasound for Pneumonia and TB as a Point of Care Tool when Visiting Rural Settings, S. Andronikou (UK)

16:45 Paediatrics and Radiology in Nepal, A. Huppert (Germany)

Friday, May 11

Breast MRI in the Era of Imaging Biomarkers: More than

Chair: C. Kuhl (Germany)

8:00 – 09:30

8:00 DWI: Not only ADC, L. Martincich (Italy)

8:30 Background Parenchymal Enhancement in Breast MRI: An Imaging Biomarker? S. Gültekin (Turkey)

8:55 Role of Breast MRI as a Predictive Tool in Breast Cancer Patients, J. H. Yoon (Korea)

New Diagnostic Approaches

Chair: C. Kuhl (Germany)

9:45 – 10:45

9:45 Contrast Enhanced Spectral Mammography: the New MRI? S. Schrading (Germany)

10:15 Multi-Modality Assessment of Breast Cancer, R. Mann (Netherlands)

PROGRAM **Friday, May 11**

Malignant Lymphoma (DRG meets DKG und ICIS)

Chair: S. Diederich / H.-P. Schlemmer (Germany)

14:00 – 15:30

14:00 Classification and Therapeutic Options, F. Kroschinsky (Germany)

14:20 CT Findings You Should Know, G. Antoch (Germany)

14:40 Staging with CT, PET-CT, PET-MR, M. Mayerhöfer (Austria)

15:00 Response Assessment, T. Persigehl (Germany)

Future Perspectives in Radiology

Chair: B. Ertl-Wagner (Germany)

15:45 – 17:15

15:45 The Future of Radiology – Where Are We Heading? NN

16:15 The Future of Interventional Radiology – Where Are We Heading? M. Szerbo-Trojanowska (Poland)

16:45 The Future of Radiology – The Asian Perspective, H. Honda (Japan)
